Machen sends message on CLAS

By RICHARD BURT

English professor

When UF President Bernie Machen addressed the UF Faculty Senate last Friday to defend his draconian budget cuts in the College of Liberal Arts and Sciences, I realized something: Machen must have thought he was going to a different school when he took the job.

Now he is working hard to rectify his mistake by changing the university's name. Seeking to "improve" UF, Machen is turning it into a big FU. I have accordingly seized this opportunity for change and ordered new business cards with our new name on them. I'm sure I will make a better impression than ever when I hand them out.
